

CHARLES RANDALL'S DESIGNER SKETCHFILE

DRAPERIES, TOP TREATMENTS, FABRIC SHADES & BEDDING

BY CHARLES T. RANDALL

The Book

This is no ordinary sketchfile with mundane illustrations. These are professional renderings of the most recent designs in window decorating, along with beautiful historical samples. This Sketchfile is all about custom designer window treatments—from a simply executed Roman shade to an over-the-top period style masterpiece.

This book will kindle your creativity and stimulate your imagination. You can mix and match the various designs to create a truly unusual treatment that will be *your* creation—one of a kind—something no one else in the world has.

Featuring more than 200 professional renderings by two of America's top illustrators, these beautiful images are suitable for photocopying and coloring, and are also all available on an accompanying CD-ROM. This book is sure to become the next classic, must-have book on custom window treatments.

The Author

Charles Randall has done it again with his new book, *Charles Randall's Designer Sketchfile*. His original masterwork, *The Encyclopedia of Window Fashions*, first published in 1987 and now in its sixth edition, remains the preeminent, best-selling book on the subject of window decorating, having sold over one million copies worldwide. At last, he introduces a new book about custom window treatments, both historical and up-to-the-minute.
